

MIRO VINEYARD

Welcome to Miro Vineyard. We are one of the smallest family owned vineyards on Waiheke Island and in New Zealand.

With about 2.6 hectares of land, of which only the north facing slopes are planted, our total production is very small, averaging around 1,000 cases a year. Despite the vineyard's small size, it grows a remarkable number of varietals including Cabernet, Franc, Merlot, Malbec, Syrah, Pinot Gris, Viognier, Albariño and Chardonnay. Many of our wines are made in such small quantities that they sell out soon after release.

Miro's rugged terrain with its steep slopes necessitates heroic viticulture - vines are hand nurtured from bud-burst through to pruning and the grapes are hand-picked. Our site, with four individual vineyards, is blessed with early ripening. As a result, winemaker Barnett Bond has been a pioneer of the island's lighter styled roses and whites, but he is most well-known for his 'silky-smooth' reds and the coveted, fortified Madame Rouge. Son, George Bond, follows these stylistic parameters and has added a house Gin and Vermut to the Miro repertoire.

We are lucky to be one of the few vineyards on the island to have our own winery, and so we control every aspect of winemaking from harvest to bottling.

Our whites are destemmed then crushed lightly before pressing. Fermentation takes place in temperature controlled stainless steel tanks. After fermentation is complete, the wines are cold settled and fined before being bottled early to capture the fresh fruity characteristics.

Reds grapes are lightly crushed before being fermented in temperature controlled stainless for a few weeks using carefully selected yeast cultures. When fermentation is complete the wines are pressed gently in an ancient basket press before being racked into French oak barrels. Here they rest with carefully monitoring for around a year, picking up soft influences from the maritime environment and the finely grained oak staves. After suitable slumber we coax these liquid beauties into bottles to await keen connoisseurs ...
